*Bringing opportunities to learn music to our  
children in the lowcountry*

# Lillie's Preschool Music Program

*The ability to play the piano can  
forever change their lives.*

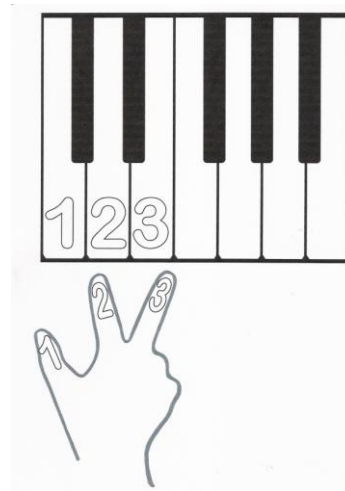

## Enhancing your preschool program with music

Studies have confirmed that piano lessons enhance your child's brain development. For nearly 6 years the purpose of our program is to provide enjoyable, affordable, accessible lessons for any child who wishes to learn to play the piano.

Each lesson is built upon the next. The student methodically learns step by step how to read music and perform a song. The lessons are given twice a week in thirty minute group sessions. This can be worked within your school schedule.
